

WIN A YETI COOLER

Approximately 4,000 children die each year and another 12,000 have some form of permanent brain damage due to near drownings. Drowning is the second leading cause of injury death for children under the age of 12, and near-drowning has affected the lives of thousands of children every year. In each of the last 10 years, a child and their family in Caroline County, or one of the surrounding counties, has experienced this tragedy first hand. We feel that we need to stop this tragic trend. Here, at the Caroline Family YMCA, we invite all 2nd graders in the county to our 2nd Grade Learn 2 Swim program in order to teach the children about water safety, what to do in a water emergency, how to swim, and for some how to improve the skills they may already have.

Help support our 2nd Grade Learn 2 Swim program by purchasing a raffle ticket.

- **\$10 A TICKET**

- **3 CHANCES TO WIN**

- **RAFFLING OFF 3 YETI COOLERS**

- **ONLY 750 TICKETS**
