

RAPPAHANNOCK YMCA PRESCHOOL

King George Family YMCA

2018-2019

The Rappahannock YMCA Preschool is concerned with the growth and development of your child. The preschool is licensed in the State of Virginia. The preschool program is designed to: develop Christian values, social skills, sharing and participating in group activities; promote a genuine love for learning; and help create a good self-image. Our goal is to make your child's preschool experience a memorable one.

The preschool uses a thematic approach to teach different units of study such as Pumpkins, Community Helpers, Weather, or Zoo Animals. The curriculum will provide children the opportunity to ask questions, explore new ideas, and engage in a wide variety of learning activities and experiences. Critical thinking skills are enhanced through our hands-on approach to subject areas such as Science and Math. A strong emphasis on Language Arts encourages students to develop a love for reading.

Parental participation enhances the educational experience for children. Throughout the year, volunteers are needed to help with parties, field trips, fundraising, and helping with classroom projects. Our teachers are always available to answer any questions.

Preschool tuition is due by the first of every month. A late fee will be added on the second. Preschool parents are encouraged to set up an automatic draft from a checking or credit card account to pay the monthly tuition. This ensures that all payments are on time, thus eliminating late charges. We have found that many of our parents like having this convenience.

There will be a teacher and an assistant for each class. You will be notified as to the date of open house. If you have any questions, please contact Wendy Payne at 540-775-9622 x3023 or wpayne@family-ymca.org.
