# **RAPPAHANNOCK YMCA PRESCHOOL**

**King George Family YMCA**

**2023-2024**

The King George YMCA Preschool is invested in the growth and development of your child. The program is designed to: develop Christian values, social skills, promote a genuine love for learning; and help create a good self-image. Our goal is to make your child's preschool experience a memorable one.

The King George YMCA Preschool Program uses the STREAMin3 curriculum. This innovative curriculum was developed by researchers at the University of Virginia. In addition, the preschool program will provide children the opportunity to ask questions, explore new ideas, and engage in a wide variety of learning activities and experiences. Critical thinking skills are enhanced through our hands-on approach to subject areas such as Science and Math. In addition to teacher-led reading, books are located throughout the classroom and are available at any time during the day to encourage students to develop a love for reading. An emphasis on classroom interactions helps students develop positive social/emotional skills and helps boost language development.

**Preschool tuition will be due on the 1<sup>st</sup> of the month for the following month. Therefore, your September payment is due August 1, 2023. A \$10.00 late fee will be added after the 7<sup>th</sup>. The last payment of the school year will be due April 1, 2024. We ask that all preschool parents set up automatic draft from a checking account or credit card to pay tuition each month. Setting-up the automatic draft ensures that all payments are on time, which eliminates late charges. We have found that many of our parents like having this convenience.**
